

Eloheh Healthcare

Your Partner in Holistic Wellness

Our Story

Our Journey Through the Years

2015–2016

Opened first Portland clinic. Offered free health screenings, expanded preventive care, and tested our inclusive care model with community feedback.

2017–2019

Launched mobile wellness vans and multilingual telehealth services. Formed school-based health partnerships to reach youth and families.

2020–2021

Responded to the COVID-19 pandemic with testing sites, vaccine distribution, virtual urgent care, and community health worker deployment.

2022–2024

Released Eloheh Wellness App, joined national research collaborations, and expanded operations into 8 states, serving over 500,000 patients annually.
